FCE is ALIVE in 2021!

July 30th, 2021

**Please save this date and join us for the 1st ever
Virtual National FCE Conference via zoom.**

The national FCE board meet Wednesday evening, June 2nd via zoom to plan the virtual National FCE Conference to be held on Friday, July 30th, 2021.

What a great opportunity for all of you to attend a national conference. You do not need to travel anywhere. It can be viewed from your home, an office, or plan a gathering of your club members, district, etc. Now is the time to make plans on how you want to join the rest of your FCE friends in attending the virtual national conference. It has been said that “Watch Parties” are the thing or gathering idea for zoom meetings.

Details are being finalized for the business meeting, new program unveiling, reports, Blurbs about the new FCL and Hearth Fire lessons that are being completed, speakers and so much more. There will be no charge for the conference, but a registration form is being developed so that we know who will be attending as the state delegate or as an attendee.

It will be an exciting time and just think you will be able to fellowship with your FCE friends by waving to them over zoom. We can renew friendships that have been going on at the national conference or new ones can be made. We all have a common interest – Family, Community and Education. **Everyone is welcome.**

Check the website often for details will be posted as they are finalized.

Everyone Stay Safe and Healthy!

Ardyce Snyder, NAFCE President
