National FCE Winter Break

February 25th , 2022

Tired of the cold or winter weather, wanting to visit FCE friends, learn something new or have questions about FCE programs than make plans to join your national board and the **Winter Break Zoom Meeting.**

The meeting will be held on Friday, February 25, 2022, at 1:00PM CST or 7:00PM CST, remember to adjust for your time zone. The program will be the same for each time slot allowing FCE members or non-members to decide what works best for them.

The Behavioural Health FCL lesson will be presented by Jean Purich, author of the lesson, national board secretary from Maryland. If you are working on your FCL certificate or trainer hours this will qualify.

There will be information and discussion on the Tune Out Social Media program being held on April 5th and the Membership Brochure contest.

If time allows you will be able to ask questions about the programs that FCE has to offer.

The registration form is available to all FCE members that would like to attend this Winter Break time out without going anywhere. It is attached to this fce FLASH and can also be found on our website www.nafce.org. Please follow the directions on the form of how it should be sent into the FCE office which needs to be done by Tuesday, February 22, 2022.

The Winter Break meeting is open to non-members also so please let everyone know.

There are several items that need to be filled in on the registration form with the most important your email address. It needs to be legible for handouts on the FCL lesson and programs to be discussed will be sent to this email address for use doing the Winter Break zoom meeting.

It will be an exciting time and just think you will be able to fellowship with your FCE friends by waving to them over zoom. We can renew friendships that have been going on or new ones can be made. We all have a common interest – Family, Community and Education. **Everyone is welcome**

Happy Valentine's Day to FCE members who are like fancy chocolate. It's what's inside that makes them special.

Everyone Stay Safe and Healthy!

Ardyce Snyder, NAFCE President
