

Family ChoicE – Media April 5th Pledge Campaign

Join FCE Members and others in its annual Family ChoicE – Media Campaign on April 5 to Tune Out Violence and the addiction to Cell Phones, iPod, Tablet, iPad, Internet and Television.

- The campaign encourages individuals to make a conscious effort to avoid watching or listening to violent television, music, video games, or radio programming on April 5.
- For one day the campaign encourages each person to read a book, go fishing, play table games or outdoor games, go for a walk, visit a nursing home or friend, cook or clean or sort through old pictures, drawers or closets.
- Helps parents and children to become more aware of the required rating symbols.
- Supports and promotes the Federal Communication regulations including the v chip requirements.
- The Citizens Task Force on TV violence still monitors the ratings as we can see by the symbols on a lot of TV shows.

Pledge sheets are to be signed prior to the April 5 Tune Out Media Day.

The individual who collects the most Pledges will win \$100.00. The club and county that collect the most pledges will be recognized at the National Conference. All participants the first year of the campaign that get 500 signatures will receive a Tube pin.

Immediately send sheets to the state contact person where they will collect and tabulate them before forwarding on to National FCE headquarters.

All pledges **MUST** have an April 15 or earlier Postmark to be eligible for awards.
