In what Ways can we Show Respect?

In what ways can we show respect to others? There are many ways we can show respect to others. Here are three sanareo's showing how we can respect others.

In this sanareo, Dave can't have cake at a birthday party, because he has a diseas called celiac diseas, were he can't have foods with gluten. Mike make's fun of Dave because of the diseas that Dave has. Charlott saw this and stood up for Dave, and made Mike apologize to Dave. This is one of the way's you can show respect, by respecting others differents.

In this next sanareo, Zoey was on a walk, and then she saw someone throw their soda can on the ground. Zoey didn't think much about it because it was just one can. She continued to walk, but as she walked she noticed more

trash on the ground. Then she noticed a old lady with a trash bag, and the old lady was cleaning up the park. Zoey admired the lady's kind and respectful act. So that weekend she went to the same park with a trash bag, and started cleaning up the park. Hours go by and now the park is spotless. Her trash bag is full, the benches don't have gum on it any more, the trees have no trash in them, and the walk ways are cleard. This is another way we can show respect, by leaving things better then when we came.

Finally, in this last sanareo, Sam was walking home from school when he saw an old man struggling with his bags. So Sam rushed to help the old man. The old man gave Sam a warm smile as they waked to the old man's car. Sam put the bags into the old man's car as the old

man thanked him. This was the last way you can show respect by helpin your eldears.

Those were 3 ways you can show respect, but you can show respect in many other ways.
