

April 12, 2024

Dear FCE members,

The National Board have been working very hard on the lessons and workshops that will be presented at conference this year. They sound amazing!!

Hearth Fires include:

Spilling the Beans on Beans

What Food Security Looks Like

What is the American Red Cross

FCL lessons include

Food Security-How Can I Help

Follow Me- (Developing leadership roles)

There will also be a workshop on understanding the dates on food, an ACWW workshop on Food Security and ACWW, and a bonus FCL session!

Along with this email is an informative PowerPoint on the area where we are having the conference, and the registration form. I will put updated hotel information on the website as soon as we get a conference code for the hotel!

We are getting excited to be at the conference and hope you are too!

If you have any questions email, text, or call!!
